

Corporate Governance Statement 2021

This statement has been approved by the Board and is current as at 30 September 2021.

Valor Resources Limited's ('Valor' or 'the Company') approach to Corporate Governance

This Statement addresses how Valor implements the ASX Corporate Governance Council's, 'Corporate Governance Principles and Recommendations – 4th Edition (referred to as either ASX Principles or Recommendations). All references to the Company's Corporate Governance Plan refer to the document that is available on the website www.valorresources.com.au under the Corporate Governance section.

Principle 1: Lay solid foundations for management and oversight

Recommendation 1.1 – A listed entity should have and disclose a board charter setting out:

- (a) the respective roles and responsibilities of its board and management; and
- (b) those matters expressly reserved to the board and those delegated to management.

Role of the Valor Board ('the Board')

The Board is responsible for the governance of Valor. The role of the Board is to provide overall strategic guidance and effective oversight of management. The Board derives its authority to act from Valor's Constitution.

The Board's responsibilities are set out in a formal Charter which the Board reviews at least every two years. The Charter was most recently reviewed in September 2021.

The major powers the Board has reserved to itself are:

- Driving the strategic direction of the Company, ensuring appropriate resources are available to meet objectives and monitoring management's performance.
- Appointment, and where necessary, the replacement, of the Chief Executive Officer and other senior executives and the determination of their terms and conditions including remuneration and termination.
- Approving the Company's remuneration framework.
- Monitoring the timeliness and effectiveness of reporting to Shareholders.
- Reviewing and ratifying systems of audit, risk management and internal compliance and control, codes of conduct and legal compliance to minimise the possibility of the Company operating beyond acceptable risk parameters.
- Approving and monitoring the progress of major capital expenditure, capital management and significant acquisitions and divestitures.
- Approving and monitoring the budget and the adequacy and integrity of financial and other reporting such that the financial performance of the company has sufficient clarity to be actively monitored.
- Approving the annual, half yearly and quarterly accounts.
- Approving significant changes to the organisational structure.
- Approving decisions affecting the Company's capital, including determining the Company's dividend policy and declaring dividends.
- Recommending to shareholders the appointment of the external auditor as and when their appointment or re-appointment is required to be approved by them (in accordance with the ASX Listing Rules if applicable).
- Ensuring a high standard of corporate governance practice and regulatory compliance and promoting ethical and responsible decision making.
- Procuring appropriate professional development opportunities for Directors to develop and maintain the skills and knowledge needed to perform their role as Directors effectively.

Delegation to the Managing Director / Executive Chairman / Chief Executive Officer

The Board can choose to delegate to the Managing Director / Executive Chairman / Chief Executive Officer responsibility for implementing Valor's strategic direction and for managing Valor's day-to-day operations.

Recommendation 1.2 – A listed entity should:

- (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.

The Group does not have a Nomination Committee. The role of the Nomination Committee has been assumed by the full Board operating under the Nomination Committee Charter adopted by the Board.

When considering the appointment of a new Director, the Board may engage the services of an executive

Corporate Governance Statement

recruitment firm to assist to identify suitable candidates to be shortlisted for consideration for appointment to the Board and to carry out appropriate reference checks before the Board makes an offer to a preferred candidate.

Newly appointed directors must stand for reappointment at the next subsequent AGM. The Notice of Meeting for the AGM provides shareholders with information about each Director standing for election or re-election including details of relevant skills and experience.

Recommendation 1.3 – *A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.*

New Directors consent to act as a Director and receive a formal letter of appointment which sets out duties and responsibilities, rights, and remuneration entitlements.

Recommendation 1.4 – *The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.*

Valor's Company Secretary is directly accountable to the Chair for any matters relevant to the company secretarial duties or conduct of the Board. This requirement is specified in the Corporate Governance Plan.

Recommendation 1.5 – *A listed entity should:*

- (a) *have and disclose a diversity policy;*
- (b) *through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and*
- (c) *disclose in relation to each reporting period:*
 - (1) *the measurable objectives set for that period to achieve gender diversity;*
 - (2) *the entity's progress towards achieving those objectives; and*
 - (3) *either:*
 - (A) *the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or*
 - (B) *if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.*

If the entity was in the S&P / ASX 300 Index at the commencement of the reporting period, the measurable objective for achieving gender diversity in the composition of its board should be to have not less than 30% of its directors of each gender within a specified period.

The Group is committed to workplace diversity and to ensuring a diverse mix of skills and talent exists amongst its directors, officers and employees. The Board has adopted a Diversity Policy, part of the Company's Corporate Governance Plan, which addresses equal opportunities in the hiring, training and career advancement of directors, officers and employees. The Board believes in the value of diversity but does not believe that given the size of the Company and the resources available to it, that formalising measurable objectives for achieving gender diversity are appropriate. As the Company grows, the Board will continue to consider the need to formalise measurable objectives for achieving gender diversity and once implemented, appropriate disclosures will be made in line with this policy. As the Company has not yet developed any formal measurable objectives, it has not reported on the progress against these objectives during the financial year.

In accordance with this policy, the Board discloses there is one woman (25%) employed in the organisation or on the Board of the Group as at the date of this report.

The entity is not a "relevant employer" under the *Workplace Gender Equality Act*.

Recommendation 1.6 – *A listed entity should:*

- (a) *have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and*
- (b) *disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.*

The Board of Valor conducts its performance review of itself on an ongoing basis throughout the year. The small size of the Group and hands on management style requires an increased level of interaction between Directors and Executives throughout the year. Board members meet amongst themselves both formally and informally. The Board considers that the current approach that it has adopted with regard to the review of its performance provides the best guidance and value to the Group given its size.

Recommendation 1.7 – *A listed entity should:*

- (a) *have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and*

Corporate Governance Statement

- (b) *disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.*

The Board of Valor conducts its performance review of senior executives on an ongoing basis throughout the year. The small size of the Group and hands on management style requires an increased level of interaction between Directors and senior executives throughout the year. The Board considers that the current approach provides the best guidance and value to the Group given its size.

Principle 2: Structure the Board to be effective and add value

Valor's Constitution provides for a minimum of three directors and a maximum of twelve.

The Directors of Valor at any time during the financial year are listed with a brief description of their qualifications, appointment date, experience and special responsibilities in the Annual Report.

The Board met regularly throughout the course of the financial year to discuss the Company's operational and financial activities and held four formal meetings during the year. In addition to the formal meeting of directors, the Board has held numerous discussions throughout the year and passed circular resolutions on all material matters.

Recommendation 2.1 – The Board of a listed entity should:

- (a) *have a nomination committee which:*
- (1) *has at least three members, a majority of whom are independent directors; and*
 - (2) *is chaired by an independent director, and disclose:*
 - (3) *the charter of the committee;*
 - (4) *the members of the committee; and*
 - (5) *as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or*
- (b) *if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.*

The Group does not have a Nomination committee. The role of the Nomination Committee has been assumed by the full Board operating under the Nomination Committee Charter, contained within the Corporate Governance Plan, adopted by the Board. The Directors consider this as appropriate to the size and nature of operations of the Group.

Recommendation 2.2 – A listed entity should have and disclose a board skills matrix setting out the mix of skills that the board currently has or is looking to achieve in its membership.

The Group does not have an established board skills matrix on the mix of skills and diversity for Board membership. The Board continues to monitor the mix of skills and diversity on the Board however, due to the size of the Group, the Board does not consider it appropriate at this time to formally set a matrix on the mix of skills and diversity for Board membership. The current board members have significant experience with ASX listed entities and capital markets and hold professional registrations in accounting, geology and corporate governance.

Recommendation 2.3 – A listed entity should disclose:

- (a) *the names of the directors considered by the board to be independent directors;*
- (b) *if a director has an interest, position, affiliation or relationship of the type described in Box 2.3 but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position or relationship in question and an explanation of why the board is of that opinion; and*
- (c) *the length of service of each director.*

The skills, experience and expertise relevant to the position of Director held by each Director in office at the date of the Annual Report is included in the Directors' Report. Directors of the Group are considered to be independent when they are independent of management and free from any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the exercise of their unfettered and independent judgement.

The Board has accepted the following definition of an Independent Director:

"An Independent Director is a Director who is not a member of management, is a Non-Executive Director and who:

- is not a substantial shareholder (under the meaning of Corporations Act 2001) of the Group or an officer of, or otherwise associated, directly or indirectly, with a substantial shareholder of the Group;
- has not within the last three years been employed in an executive capacity by the Group or another Group member, or been a Director after ceasing to hold any such employment;
- is not a principal of a professional adviser to the Group or another Group member;
- is not a significant consultant, supplier or customer of the Group or another Group member, or an officer

Corporate Governance Statement

- of or otherwise associated, directly or indirectly, with a significant consultant, supplier or customer;
- has no significant contractual relationship with the Group or another Group member other than as a Director of the Group;
- is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Group."

In accordance with the definition of independence above, 50% of the Board is considered independent. Accordingly, a majority of the Board is not independent. Given the size of the Group the current Board is deemed appropriate. There are procedures in place, as agreed by the Board, to enable Directors to seek independent professional advice on issues arising in the course of their duties at the Group's expense.

The term in office held by each Director in office and the at the date of this report is as follows:

Name	Term in office	Independence	Matters relating to Independence
Mr. George Bauk – Executive Chairman	0 year, 11 months	Not Independent	Executive appointment
Mr. Gary Billingsley – Non-Executive Director	0 year, 11 months	Independent	Performance Rights issued as part of remuneration contract on appointment. No ongoing participation in an Employee Incentive Plan.
Mr. Brian McMaster – Non-Executive Director	3 years, 10 months	Not Independent	Substantial Shareholder (from 3 June 2020)
Ms. Paula Smith – Non-Executive Director	4 years, 6 months	Independent	Supplier – Accounting Services however this is not considered to be a material business relationship

Recommendation 2.4 – A majority of the board of a listed entity should be independent directors.

The Group does not have a majority of independent directors. The Directors consider that the current structure and composition of the Board is appropriate to the size and nature of operations of the Group and the Director's interests are aligned with that of the Company.

Recommendation 2.5 – The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.

Under Valor's Constitution, the Board elects a Chairman from amongst the Directors. If a Chairman ceases to be an independent Director, then the Board will consider appointing a lead independent Director.

Valor's Chairman is not considered an independent Director as he is an Executive Officer of the Group. Notwithstanding this, the Board considers Mr Bauk to be the most appropriate person for the position as Chair given the size of the Company and Mr Bauk's significant corporate experience.

Recommendation 2.6 – A listed entity should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively.

The formal letter of appointment and an induction pack provided to Directors contain sufficient information to allow the new Director to gain an understanding of:

- The rights, duties and responsibilities of Directors;
- The role of Board Committees;
- The roles and responsibilities of the Chief Executive / Operating Officer; and
- Valor's financial, strategic, and operational risk management position.

Directors are encouraged to take appropriate professional development opportunities approved by the Board.

Principle 3: Instil a culture of acting lawfully, ethically and responsibly

- Insider Trading;
- Responsibilities to Investors;
- Breaches of the Code of Conduct; and
- Reporting Matters of Concern.

Valor's Code of Conduct is included a part of the Corporate Governance Plan.

- (a) have and disclose a whistleblower policy; and
- (b) ensure that the board or a committee of the board is informed of any material incidents reported under that policy.

- b) if it does not have an audit committee, disclose that fact and the processes it employs that independently verify and safeguard that integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.

The Group does not have an Audit and Risk Management Committee. The role of the Audit and Risk

Corporate Governance Statement

Charter of the Audit and Risk Management Committee

The Board has formally adopted an Audit and Risk Management Committee Charter but given the present size of the Group, has not formed a separate Committee. Instead the function of the Committee will be undertaken by the full Board in accordance with the policies and procedures outlined in the Audit and Risk Management Committee Charter. At such time when the Group is of sufficient size a separate Audit and Risk Management Committee will be formed.

It is the Board's responsibility to ensure that an effective internal control framework exists within the entity. No questions were sent to the auditor in advance of the 2020 Annual General Meeting. Shareholders are also given a reasonable opportunity at the meeting to ask the auditor questions relevant to the conduct of the audit, the Independent Audit Report, the accounting policies adopted by Valor and the independence of the auditor.

The Chief Operating / Executive Officer and the Chief Financial Officer have provided the Board with written assurances that the declaration provided in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal compliance and control and that the system is operating effectively in all material respects in relation to financial reporting risks.
